Pompeii holds an intense fascination for visitors today. Following the eruption of the volcano mount Vesuvius in the year 79 AD, Pompeii lay buried and forgotten for hundreds of years. Our guide will take you slowly through some of the ancient streets of Pompeii where you can see Baths, Forums and villas built by the prosperous Romans in the year 80 BC. Marvel at the fabulously preserved frescoes which adorned the walls and floors of the villas. Even if your interests do not lie in the history, this is an archaeological site which cannot fail to impress you.

HALF DAY
TOUR

Herculaneum was a residential coastal town which has been superbly preserved due to the fact that it was covered in volcanic mud during the eruption of Vesuvius in 79 AD. The guide will give people the chance to view the town from above before heading down and beginning the guided tour which lasts about an hour. The buildings have been so well preserved that you can walk down the streets pretty much exactly as the Romans would have done over 2000 years ago! There are still original timbers showing in the buildings and clay pots stored as they would have been at the time of the eruption. The tour takes in many of the most important sites including the public baths with their well preserved frescoes and mosaics along with the shops and gymnasium and much more. It is all in all a fascinating tour of possibly one of the best preserved examples of a Roman residential town in the world, brought to life by the years of study and knowledge of our guides. Return to resort around 1:00 pm.

Herculaneum was a residential town without Pompeii's commercial importance, surrounded by the villas of the wealthy Romans. When the catastrophe of 79 AD occurred Herculaneum was submerged under a torrent of mud and lava that hardened into a soft tufa (a kind of course rock) that preserved many of the timber features and household objects which can be seen today. A large portion of the old Herculaneum is still buried under the modern town and even today excavations are going on to discover what treasures lie buried under the rock, to the extent that some families are being rehoused so work can continue.

Amalfi Drive

Admire the breathtaking Amalfi Coast from the best vantage point on this mini-drive!

FULL DAY TOUR

Departing from Sorrento in the morning. The coach joins the Amalfi coastal road which is one of the most stunning coastal drives in Europe. The scenery is superb, looking out over the Mediterranean and along the coastline as the road twists and turns its way towards the town of Positano (approx. 20 minutes from Sorrento). The town is built on different levels from the main road all the way down to sea level, giving the image of a waterfall of buildings cascading down to the sea. As the coach can't stop here guest can enjoy the views and take photos from the bus. This spectacular journey continues with fabulous views all the way to Amalfi (approximately 1 hour). Arrive in Amalfi around 10:00 am depending on traffic. Guests have 2 hours free time in Amalfi where a guided boat trip along the coast may be possible dependant on availability and weather conditions. Customers can also visit the magnificent 9th century Cathedral which proudly dominates the main square of Amalfi, wander through the narrow streets of the town and browse the many shops or enjoy a coffee in one of the cafes around Amalfi. After lunch stop, the excursion carries on to Ravello which is situated on the hillside above Amalfi. This is where Wagner was inspired to write part of one of his operas and it is from here that you can enjoy the best views of the Amalfi coastline looking over to Minori, Maiori and beyond. Salerno & Paestum NEW!

Discover with this full day excursion Salerno the city of the first medical school during the Middle Ages and Paestum with its most well preserved Greek temples in the world!

42€

ADULT

33,60€

CHILD 2-11
YEARS OLD

FULL DAY TOUR

The excursion leaves Sorrento via the motorway and reaches the city of Salerno (approx. 90 minutes) that during the medieval times was the world's capital of medicine. The Monastery of the Benedictine monks, who probably founded its medical school, offered the best instruction then available. One of the most famous medical texts of that time was the "Regimen Sanitatis Salernitanum" written here in Latin and translated into almost every European language. In more modern times Salerno is best remembered for the Allied troops landing on beaches, during the Second World War. In Salerno the guests will have one hour free time to enjoy a walk on the seafront, visit the beautiful cathedral or wander through the pedestrian area. After this stop the excursion will continue to Paestum located to the east of Salerno, after the headlands of Pontecagnano, Battipaglia and Eboli. Arrived in Paestum the guests will have free time for lunch before entering the famous archaeological site. The guided tour (if possible) will also include a visit to the museum. The town of Paestum was founded by the Greeks around 60 BC. Its name derived from Poseidon (the god of the sea) to whom it was dedicated. It was during this period that the Basilica, the Temple of Poseidon and the Temple of Cerere or also known as Athena were built. Today the Temples and ruins, built of a fine yellow limestone, standing in a bower of aromatic herbs, cypress and oleander are considered to be the finest examples of their kind. The nearby museum contains many fine sculptures found on the site and also the famous divers' tomb.
