TOUR DURATION

2.45 HRS + LUNCH TIME

Start your Tour from the very heart of Florence, with the Guided Visit of Accademia Gallery with a total immersion in the art of Michelangelo to know his most renowned works, the "David", and other important masterpieces such as "I Prigioni", "San Matteo" and the "Palestrina Pietà". The young Michelangelo carved the David from a huge block of rough marble in three years, creating an imposing sculpture of absolute beauty, an icon of the renaissance model. Then you will proceed with a walking tour which will include the outdoor guided visit of San Lorenzo Church and the Duomo complex: San Giovanni Baptistery with its bronze doors as the famous Porta del Paradiso and the Cathedral with the magnificent Cupola del Brunelleschi and Giotto's bell tower. The walk continues along lively Via Calzaiuoli in the heart of the city, where you can admire the imposing and singular Orsanmichele Church, a masterpiece of Florentine Gothic art, decorated with shrines with statues of the patron saints of the powerful medieval trade guilds. Then you reach the bustling Mercato della Paglia (Straw Market): don't forget to rub the nose of the famous "porcellino" (pig) and toss a coin into the fountain to bring you

good luck! Going on, you can admire the romantic, picturesque Ponte Vecchio, the oldest bridge in Florence, with its renowned jewelery shops. Your lovely blast from the past will end in Piazza Signoria, one of the most beautiful squares in the world and the political center of the city. In this true "outdoor museum", you'll be amazed as you admire the beautiful Fountain of Neptune with the marvelous and imposing marble statue by Ammannati and then, looking around, the sculptural masterpieces of the Loggia dei Lanzi, including the Cellini's Perseus and the Gianbologna's Rape of the Sabines. Dominating all this is the majestic Palazzo Vecchio with its crenellated Arnolfo tower, one of the most famous symbols of Florence that you will be able to admire in all its magnificence. End this amazing tour with a delicious Tuscan Lunch in a Restaurant located in the old town.

Please note that the order of the visits may change.

Palazzo Vecchio, which stands majestically on Florence skyline, is one of the most recognized symbols of the city. Built during the Middle-Ages, it still preserves the austere architecture of the fourteenth century, with its crenellated top and the imposing Arnolfo's Tower. The indoor parts of the building, beautifully renovated in the '500 when the Palace became the house of Medici, are instead typically Renaissance and hold priceless treasures and works of art. In the sumptuous halls and the private apartments of the family, worked the greatest artists of the period. Visiting the palace means to stroll among the wonders of Renaissance and retrace its history, discovering also the secrets and

tales linked to the powerful Medici family. The elegant courtyard by Michelozzo, welcomes you at the beginning of a visit that will enable you to admire the famous and beautiful "Hall of the 500", the charming and intimate study of Francesco I de' Medici, the beautiful private apartments of Eleonora of Toledo and Cosimo I de' Medici and the sumptuous and stunning boardrooms, in an incredible series of frescoes, paintings, decorations and statues of the greatest Renaissance artists as Michelangelo, Donatello, Verrocchio, Vasari, Ghirlandaio and Bronzino, just to mention some of them.

Starting from the city center of Florence, reach first Piazzale Michelangelo and the picturesque hills of Fiesole, where the serenity of the Tuscan countryside meets some of the most spectacular views over the city! Riding an e-bike is as easy as riding a traditional bicycle: thanks to the powerful engine, we can ride uphill with just a little effort. From the heart of Florence, follow your guide to cross all the neighborhoods of the city, far from the historical center and the most popular areas of the downtown: thanks to the bike paths, getting to the hills is easy-going. Once outside the town, the electric engine will help to deal with the Tuscan hills. Immerse yourself into the sound, the good smells and the colors of the countryside, with

secular cypresses, olive groves and small vineyards hidden in the middle of the hills where Leonardo da Vinci used to come for his studies. From here, we can admire some of the most beautiful panoramic views over Florence. After the amazing view from Piazzale Michelangelo, turn by turn, we'll reach Fiesole, a small Etruscan town that, from above, dominates the North side of the hills: a perfect frame to see how a small village of the IV Century BC combines its history with some of the most exclusive private villas around Florence. Once back you will enjoy the taste of a delicious florentine "gelato".

From here, we can admire some

of the most beautiful panoramic views over Florence. After the amazing view from Piazzale Michelangelo, turn by turn, we'll reach Fiesole, a small Etruscan town that, from above, dominates the North side of the hills: a perfect frame to see how a small village of the IV Century BC combines its history with some of the most exclusive private villas around Florence. Once back you will enjoy the taste of a delicious florentine "gelato".

Discovering the city center of Florence has never been so easy! With so many pedestrian areas and traffic restrictions, riding a bike has become the easiest way to move around the old town. On this small group tour, led by our friendly and expert tour guides, you will be able to admire Florence exploring the four districts of the city with detailed explanations about the history, the architectures and the anecdotes of the most important landmarks in town: Santa Croce, the Duomo, Santa Maria Novella, San Lorenzo, Piazza della Signoria and the Uffizi, Ponte Vecchio, Piazza Santo Spirito and Piazza Pitti. During every stop there will be time for pictures and your guide will be glad to answer any questions in order to give everybody tips for places, museums

and experiences that you can't miss during your stay in Florence. Only by riding a bike you will be able to see so much in a very short time, taking the safe and less crowded alleys, in order to navigate through the city avoiding the main roads whenever possible. Considering that the city center of Florence is totally flat, everyone who knows how to handle a bike can join the tour, with a very low muscular effort. At the end of the tour, a “gelato” is what you need: your guide will bring you to take one of the best ones in town...a good excuse to taste a delight that, not everybody knows, was invented by Bernardo Buontalenti in Florence during the Medici dynasty!

On this tour you will walk through the villages of the Cinque Terre in one day, admiring and exploring these picturesque small towns. The Cinque Terre is a beautiful stretch of rugged coast and the only unspoiled part left of the lovely Italian Riviera. It takes its name from the five picturesque fishing villages of Riomaggiore, Manarola, Corniglia, Vernazza and Monterosso. Cinque Terre have been inaccessible from the land for centuries, isolated by steep mountains and valleys on one side and by the sea itself on the other. Thanks to its isolation, the unspoiled charm of the Cinque Terre is a protected World Heritage Site and a National Park. Led by our knowledgeable tour guide, you will discover the spectacular coastline. We first visit the Cinque Terre village of MANAROLA and continue with a lovely boat journey (weather permitting) to MONTEROSSO, which is renowned for its beau-

tiful beach and small craftsmen's shops. We reach then, with a short train ride, VERNAZZA one of the prettiest of all, where we will have free time to sit in one of the cheerful bars and cafés. By train we arrive to RIOMAGGIORE where you will have some free time for a refreshing swim in the Mediterranean or shopping into some of the picturesque shops. Here a delicious local lunch is served in a typical restaurant with a perfect view of the sea and the hills declining down to the rocky coves. From Riomaggiore a train ride takes us back to La Spezia concluding our Cinque Terre visit, before returning to Florence by coach.

Depart for Siena, driving through the lovely Chianti vineyards, getting there while the town is still immersed in early morning drowsiness; the perfect time of day to wander around the pedestrian-friendly heart of this beautiful hilltop town, drenched in history. Upon arrival in Siena our local guide will take you on a guided walking tour along the small medieval streets and squares, passing the oldest bank in the world, and the Piazza del Campo - site of the famous 600-year-old Palio horse-race, to the spectacular Cathedral (external visit). During your free time, stroll through Siena at your own pace.

A short journey then takes us to a family run wine-farm in the heart of the Tuscan countryside. Here we shall have a delicious, traditional Tuscan lunch served with typical wines from our region. After lunch, departure for San Gimignano, Unesco world heritage, famous for the still intact mediaeval town planning. It is often nicknamed the "Manhattan of the Middle Ages" because its famous tall, narrow towers create a skyline that looks a bit like

a modern city. Here you have free time to explore the town center, the charming craftsmen's shops along the cobbled stone streets and small squares. From San Gimignano, we drive past hilltop hamlets, or little churches, scattered over some of the most beautiful and enchanting countryside. We finally wind down the hillsides towards the coast, to Pisa, our last destination for the day. Getting off the coach, we reach the Field of Miracles, a green grass field dominated by the dazzling white buildings of the Cathedral or Duomo, the Tower and the Baptistery - exquisite examples of Pisan Romanesque architecture: the Leaning Tower is almost 56 meters tall (about 183 ft). It leans at about 4 degrees, making it one of the most famous and iconic buildings in the world.
