phenomenon of custom, to drag the masses and to make people of any nationality mad with joy. In Naples, thanks to the street art, there is now a magnificent museum dedicated to him. An open-air museum, which you will now have the opportunity to discover! Thanks to this tour you will visit two of the must-see destinations for any aficionado of Napoli's number 10: Vico Lungo Gelso and Piazza Maradona in via Emanuele De Deo. Here, in fact, you will admire, in all their majesty and reverence, the most famous murals dedicated to Pibe de Oro. You will admire a ceramic mosaic, donated by two Italian-French artists and the stencil made by the Argentinian street artist San Spiga, created to celebrate the 30 years' anniversary of the first championship won by Napoli and Maradona. Next to this, another full-length stencil representing Maradona when dribbling, with the well-known ability and excellent technique. Continuing our walk in via Emanuele de Deo (piazzetta Diego Armando Maradona), we will admire the famous mural that has become a real destination pilgrimage for supporters and fans, dedicated to the champion on the occasion of the second Napoli's scudetto, in 1990.
