33 HD Tour of Naples and The King: Diego Armando Maradona – Max 15 pax

Visit Naples and discover the beauty of the city with our expert guide!

You will have the chance to walk through the streets that represent the heart of the city, our guide will show you the places that symbolise the eternal bond between Maradona and the city of Naples. We will start from Piazza Plebiscito, and then continue passing through the Gallery Umberto I, reaching the famous Spanish Quarters. Every corner, every street and every glimpse of this city will testify the deep love of the Neapolitan people for Maradona. He was unanimously considered a hero, the one who gave the joy of the first championship trophy to the city and that brought the name of Naples up in the world. Everywhere around you, it was Diego-mania. The entire city of Naples testifies to the passage of the "Pibe de Oro". Maradona was practically everywhere: from the murals on the streets of the city, to the fireworks called "Maradona's balloon" from all kinds of gadgets and souvenirs, to cakes with his face; from the poems dedicated to him, up to the statuettes of the Neapolitan nativity scene. He has surely been one among the few immortal sports icons, able to create a true phenomenon of custom, to drag the masses and to make people of any nationality mad with joy. In Naples, thanks to the street art, there is now a magnificent museum dedicated to him. An open-air museum, which you will now have the opportunity to discover! Thanks to this tour you will visit two of the must-see destinations for any aficionado of Napoli's number 10: Vico Lungo Gelso and Piazza Maradona in via Emanuele De Deo. Here, in fact, you will admire, in all their majesty and reverence, the most famous murals dedicated to Pibe de Oro. You will admire a ceramic mosaic, donated by two Italian-French artists and the stencil made by the Argentinian street artist San Spiga, created to celebrate the 30 years' anniversary of the first championship won by Napoli and Maradona. Next to this, another full-length stencil representing Maradona when dribbling, with the well-known ability and excellent technique. Continuing our walk in via Emanuele de Deo (piazzetta Diego Armando Maradona), we will admire the famous mural that has become a real destination pilgrimage for supporters and fans, dedicated to the champion on the occasion of the second Napoli's scudetto, in 1990.
